**THE COMBINATION  
OF ELEGANCE AND STYLE**

---

Executives spend 16 years of their lives in meetings! With occasional and conference tables of modular size and shape, Buronomic helps you create a meeting space to suit your mood and requirements and make those 16 years as productive and comfortable as possible.

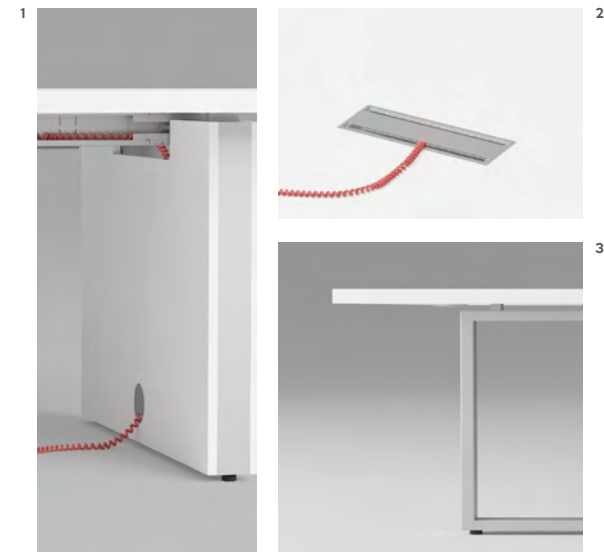

# PRESTIGE MEETING

COSSU

The quality of the Prestige collection, available in executive meeting, and extendable conference furniture, is defined by its use of premium materials and quality of design. The attention paid to the thicknesses and finishes, the double choice of a ribbon leg or leg fitted with an infill for a more assertive look hiding the cables, help to create the imposing style of the Prestige tables.

## Details

- 1.** Ribbon leg enhanced with a Structurex® facing for discrete cable routing. **2.** Conference table equipped for electrical connections and cable routing. **3.** Chrome-plated steel finish ribbon leg.

## Materials and warranty

---

Our industrial know-how guarantees the quality and durability of the materials used to make our furniture.

**STRUCTUREX® PANELS**

Full panels of particles with melamine surfacing. Counter-balanced and treated against reflection. Thickness 16 to 25 mm. Density 680 kg/m<sup>3</sup> for the 25 mm panels. Tested as conforming to abrasion and hot & cold water resistance to the XP D60-050 standard.

**NITECH® PANELS**

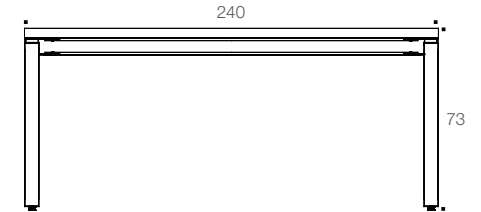

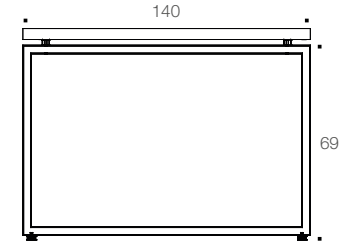

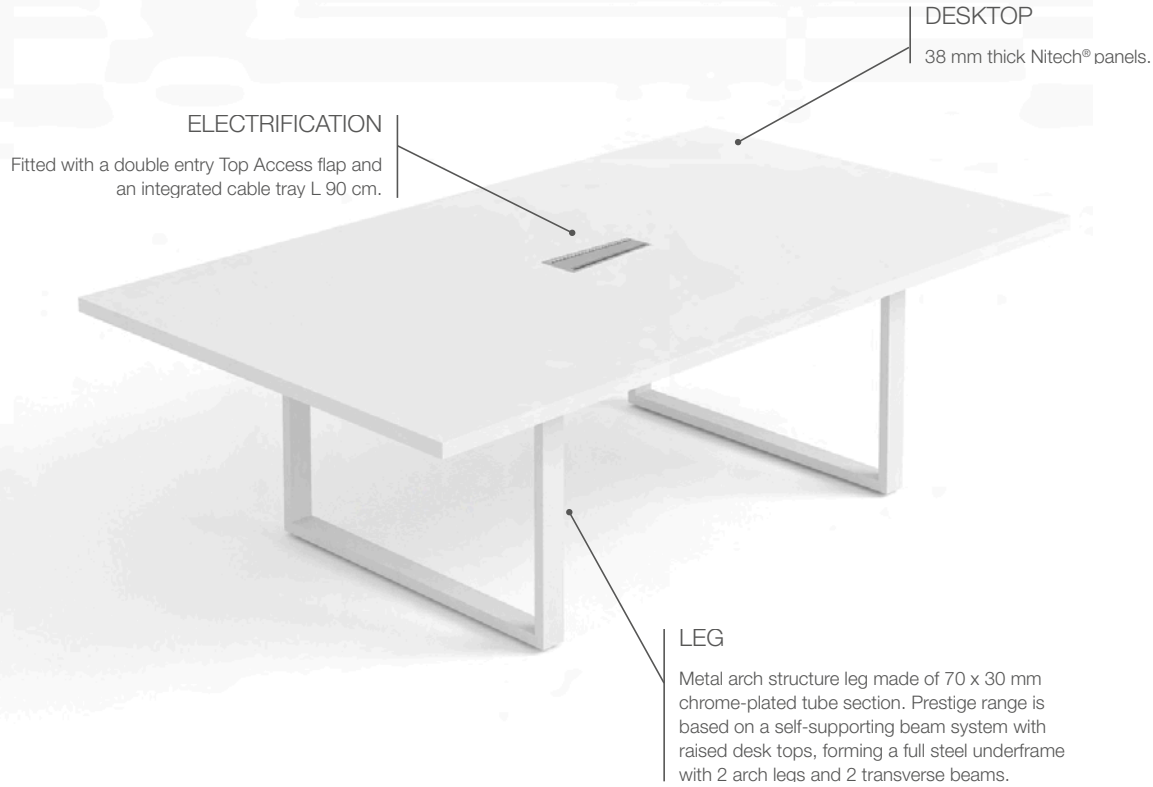

Honeycombed panels between 2 melamine coated 8 mm infills, total thickness 38 mm. Decorative coating imitating a choice of wood species. Anti-shock reinforcement edging in ABS, thickness 2 mm.

**5 YEAR GUARANTEE**

The quality and durability of the materials enable us to guarantee all our ranges for 5 years under normal conditions of use.

## + More details

## Technical description

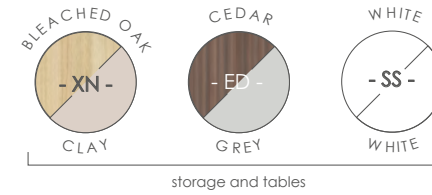

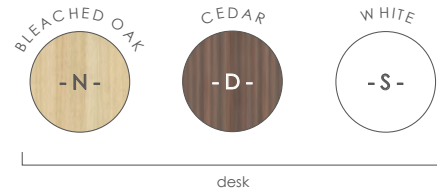

### Conference table

- 38 mm thick Nitech® panel with reinforced 3 mm edging and a finishing 2 mm ABS edging.
- Metal arch structure leg, chrome-plated finish.
- Adjustable screw jacks to compensate for any defects in the floor.
- Optional decorative infill panels for privacy and cable routing from floor to desktop.
- Built in vertical cable management through leg infill using a cable guide that takes cables from the desktop through the leg to the metal chrome finish 80 mm diameter cable port, located on the inner side of the infill panel.
- The conference table can be expanded indefinitely using L 140 x D 140 cm module on shared arch.

### Round Table

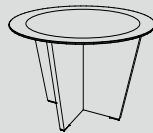

- The 38 mm thick Nitech® structure is made of 2 panels that fit into each other to form a crossed leg.
- 10 mm thick, 110 cm diameter glass top transparent in the middle and frosted on the edge. Glass top resting on 4 metal, 35 mm diameter spacers.

## Finishes
