

P R E S T I G E

Managers work on average 50 hours a week! The manager's environment, used as a space for negotiations, meetings or personal concentration, must be carefully designed. Buronomic's imposing and prestigious, practical and authentic ranges accompany a manager all through their working day.

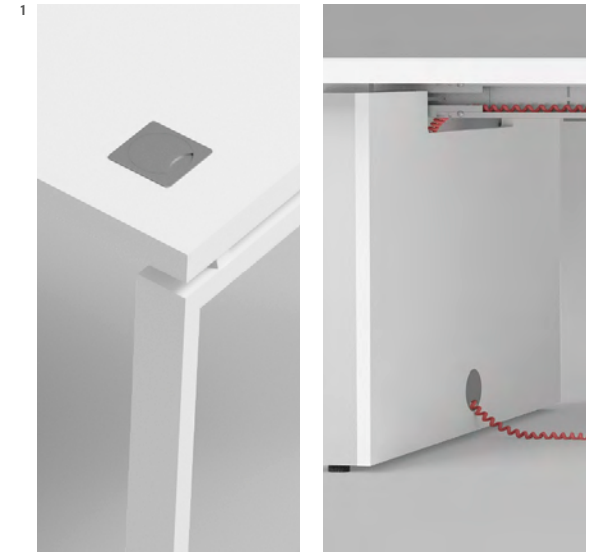

**A DESK
WITH ATTITUDE**

PRESTIGE

COSSU

The Prestige executive desk and meeting table range combines rational shapes and elegant finishes. Featuring clean lines, Prestige desks owe their imposing presence to the attention paid to its detail. The style varies depending on the leg option chosen (ribbon or with infills) and its characteristics: the thicknesses of the top and structure and the chrome-plated ribbon are visible and featured.

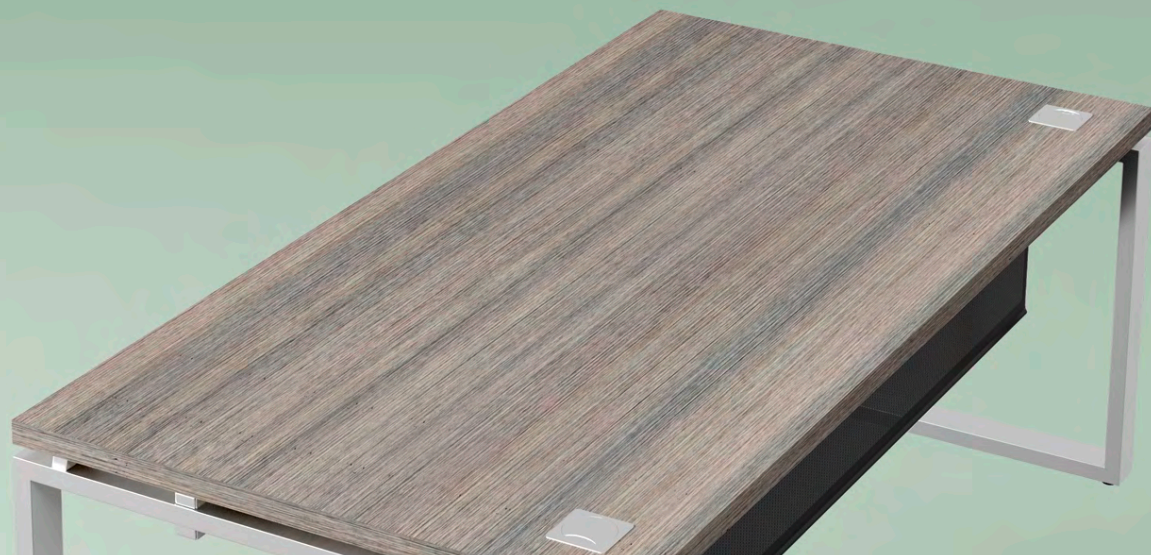

Details

1. Subtle blend of chrome and wood. 2. Ribbon leg enhanced with a Structurex® infill for discrete cable routing.

Materials and warranty

Our industrial know-how guarantees the quality and durability of the materials used to make our furniture.

STRUCTUREX® PANELS

Full panels of particles with melamine surfacing. Counter-balanced and treated against reflection. Thickness 16 to 25 mm. Density 680 kg/m³ for the 25 mm panels. Tested as conforming to abrasion and hot & cold water resistance to the XP D60-050 standard.

NITECH® PANELS

Honeycombed panels between 2 melamine coated 8 mm infills, total thickness 38 mm. Decorative coating imitating a choice of wood species. Anti-shock reinforcement edging in ABS, thickness 2 mm.

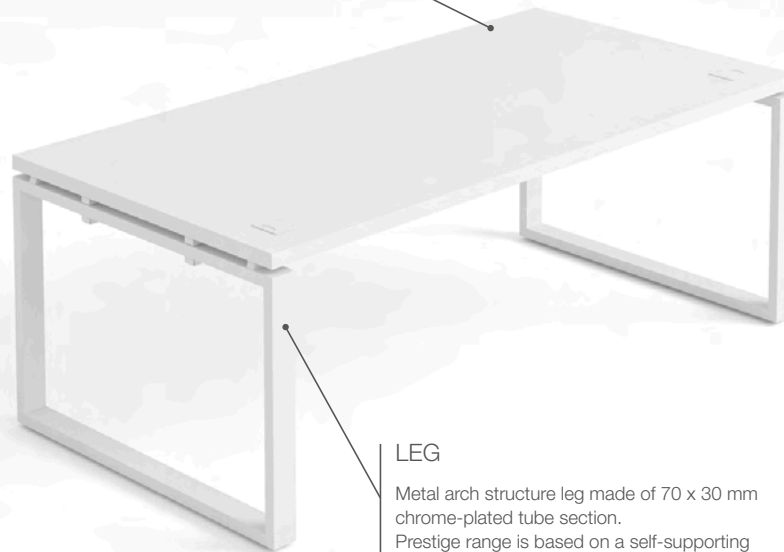

5 YEAR GUARANTEE

The quality and durability of the materials enable us to guarantee all our ranges for 5 years under normal conditions of use.

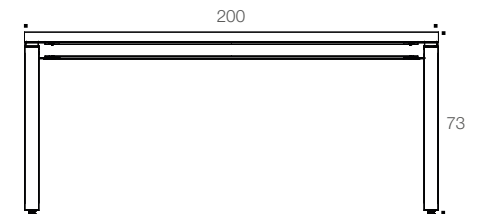

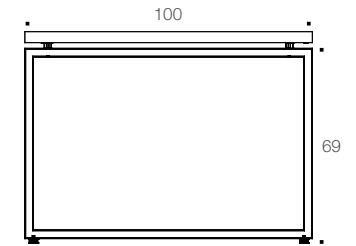

+ More details

DESKTOP
38 mm thick Nitech® panel.

LEG

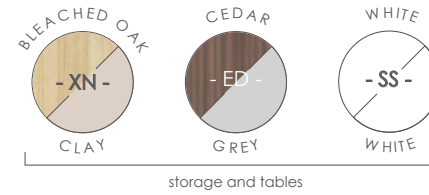

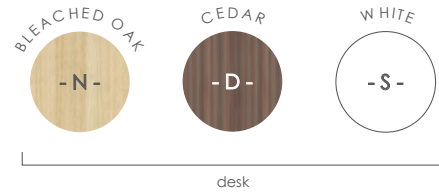

Metal arch structure leg made of 70 x 30 mm chrome-plated tube section.
Prestige range is based on a self-supporting beam system with raised desk tops, forming a full steel underframe with 2 arch legs and 2 transverse beams.

Technical description

- 38 mm thick Nitech® panel with reinforced 3 mm edging.
- 2 mm ABS edging.
- Metal arch structure leg, chrome-plated finish.
- Adjustable screw jacks to compensate for any defects in the floor.
- Optional decorative infill panels for privacy and cable routing from floor to desktop.
- Built in vertical cable management through leg infill using a cable guide that takes cables from the desktop through the leg to the metal chrome finish 80 mm diameter cable port, located on the inner side of the infill panel.
